# MUNDANIA CONFERENCE HAS REACHED AGREEMENT

## Republicans Hold Greatest Rally In History of the County

### JOHN H. MILLER AND PARTY GREETED WITH BIG DEMONSTRATION

This is republican week in Tonopah and Wednesday was the banner republican day. The reception and demonstration that was afforded the state candidates upon their arrival here last night will go down in political history as the greatest event of its kind ever known in Nye county. With the advent of John H. Miller, candidate for governor; Harry H. Atkinson, nominee for attorney general; W. B. Alexander, nominee for secretary of state; F. H. Blackwell, nominee for state controller; E. W. Griffith, nominee for lieutenant governor, they were escorted into town by 25 auto loads of supporters who had gone out to Miller to meet them. Tooting of horns called attention of being fired in Tonopah and hundreds the residents to the fact that the opening gun of the campaign was assembled at the Mizpah hotel to greet the distinguished visitors. Also included among the prominent who had previously arrived were Andy Stinson, nominee for state inspector of mines, and Hon. Sam S. Arenz, present congressman from Nevada.

#### Miller's Popularity Grows

The popularity of Johnny Miller, the man who will steer the ship of state for the next four years, and of Harry H. Atkinson, who will look after legal matters in connection with affairs of government, was most manifest. It was a homecoming for Mr. Atkinson, who maintains law offices in this town and who has previously been honored by the voters of Nye county with positions of honor and trust, and who was never found wanting in his official capacity. It might also have been termed a homecoming for Johnny Miller by reason of the fact that he has lived among us at various intervals during the past three and one-half years. It was a homecoming for W. B. Alexander, who was a resident of this town for a number of years previous to nine years ago, having been associated with the Montana Tonopah Mining company during the heyday of its prosperity.

#### Reception is Tendered

The reception tendered the visiting candidates was somewhat in the form of a celebration by reason of the fact that the taxpayers and voters are coming to a realization of the fact that we must bring about a change in the conduct of our state government. The Tonopah Musicians' union band played popular airs from 6 o'clock until after 9 o'clock, most of the time in front of the Mizpah hotel, during which time the candidates were greeted by hundreds of voters and given assurance of support at the election to be held on Nov. 7.

#### Rally Great Success

The rally at the Butler theater drew an immense crowd and the house was well filled with people who were desirous of learning the true conditions that are confronting the taxpayers of this state. The meeting was presided over by A. Homer Black, who introduced the speakers in turn. John H. Miller, candidate for governor, was first introduced, and although his remarks were somewhat brief, he drew home the fact that he was a candidate of the people and not of the capitalist class. He promised to cut down operating expenses of government; announced himself as being an enemy of the railroads and smelters as they are now applying their methods of extortion to the mining industry; he said he was favorable to the construction of the Boulder dam, and that he thought the expenditure for dam and reclamation should be increased from \$150,000,000 to \$200,000,000, but that he wanted to see every section of the state benefited, and especially the Humboldt valley, where farms could be cut up from arid land and which would result in the population of the state being doubled within a few years. "If elected governor of this state," remarked Mr. Miller, "I will promise to appoint people to the various commissions who are residents of Nevada and who make their home in Nevada. I am interested in mining and have been for a long time, and will endeavor to force the railroads and smelters to reduce rates within reason. The miner now pays the bills, providing his ore has enough value to meet the freight and smelter charges. The Boyle bill for collection of a gross bullion tax every quarter should, I believe, be amended so as to have collections made annually. Thus, if a mine produced heavily for three quarters and lost during another quarter the deficiency could be arrived at and gross tax paid upon the actual production.

#### Get Great Ovation

Mr. Miller received a great ovation upon being introduced and during the course of his remarks he was loudly applauded as he drove home telling facts of reckless expenditure made during the past eight years of democratic misrule. He said the democrats were worried as to how expenses of government could be cut down, but during their reign their only thought was to say how much of the people's money they wanted, and then proceed to spend it. "Values in many counties are depreciating," he concluded, "and taxes are going up, and retrenchment must necessarily follow."

#### Atkinson Warmly Greeted

Harry H. Atkinson, Tonopah's popular candidate for attorney general, received a tremendous ovation upon being introduced, and pandemonium reigned for fully five minutes, and the chairman was not permitted to close his introductory remarks. Mr. Atkinson said the demonstration was most inspiring, realizing as he does that the voters of Nye county are behind him in his candidacy. The splendid vote that was accorded him at the primary election, he said, was pleasing in the extreme, by reason of the fact that when he visited other counties the people were naturally imbued with confidence in his candidacy, knowing that his home county was almost solidly back of him. He appealed to his hearers to vote for every candidate on the republican ticket, as John H. Miller, as chief executive, needed support and that our next governor would have difficulty in bringing about a retrenchment in state expenditures unless he had full and complete co-operation. Mr. Atkinson then dwelled at some length upon the fundamental principles of our government and said the growing generation should be educated and inspired with a greater love of patriotism and love of country. "Patriotism is a greater asset in time of peace than in time of war," he remarked, "through greater love of country being instilled in the minds of those who later will be in charge of our affairs." He appealed to the voters to loyally support Charles S. Chandler for United States senator, and A. Grant Miller for congressman in order that the administration at Washington may have the support needed during the reconstruction period which is now so well under way.

#### The third principal speaker of the evening was Hon. Sam S. Arenz, congressman from this state, who dwelt at length upon the accomplishments of the republican administration, and who rectified facts and figures showing that this country was on the eve of the greatest area of prosperity in its history. He told of the great good that would follow

### JAP OFFICERS RAID AMERICAN HOME IN TOKIO

Charged With Operating Motor Boat Without License and Case Is Irritating

TOKIO, Oct. 5.—Police yesterday searched the residence of Richard M. Andrews of the firm of Andrews & George and removed private papers. Andrews, who was one of the prominent American residents of Japan, today was confronted by witnesses charged with operating a motor boat without a license. The case is irritating, as it is felt the charge did not justify the search, and the American embassy is watching the matter. Andrews had applied for a license for a boat and had made only one trial trip, pending a decision on his application which is permitted under the regulations. It is believed the rip may have aroused the suspicions of the authorities. Andrews has lived in Japan since boyhood. He has large private interests here besides those of his firm, and has always been considered a staunch friend of Japan.

### AMERICAN DESTROYER WAS REALLY BOMBED

WASHINGTON, Oct. 5.—The report that an American destroyer was bombed by Turks while taking off refugees at Alval, first carried in a Reuters dispatch from Athens, is repeated in a dispatch from Athens received by the Greek legation. Neither the navy nor the state department had any confirmation.

### RAIL AGREEMENT IS REACHED SOUTHEAST

WASHINGTON, Oct. 5.—Railroads of the southeastern section of the United States and brotherhood organizations of conductors and trainmen signed an agreement today settling all outstanding differences between them and extending the present wages and working regulations until Oct. 31, 1923.

### MONOPLANE FLIGHT BROUGHT TO CLOSE

SAN DIEGO, Calif., Oct. 5.—Because of heavy fogs in the northern districts beyond Temecula, Lieutenants McReady and Kelly abandoned a proposed non-stop flight to New York city in the big army monoplane T-2, and, returning to this city, announced they would try for a new endurance record.

### LAUNCH CARRYING LIQUOR CAPTURED AT EVERETT

EVERETT, Wash., Oct. 5.—A 50-foot launch containing liquor valued at \$10,000 to \$15,000 was captured last night on the Stillaguamish river near Stanwood by federal officers. The boat refused to stop and was fired upon by officers on the bank. One man was wounded and another arrested.

### BRIEF IS FILED IN CALIFORNIA JAP LAND CASE

State of California Contends Japs Barred of Citizenship Under Statute

WASHINGTON, Oct. 5.—The state of California through Attorney General Webb and Deputy Attorney General English, today filed in the supreme court a brief of the Japanese naturalization cases in which arguments were concluded yesterday. The brief supports the contention that the Japanese are not of the Caucasian race, and therefore are excluded from citizenship by a statutory provision restricting naturalization to aliens who are "free white persons" or those of African descent.

### WOMAN STARTS LONG FLIGHT IN AIRPLANE

Miss Lillian Gatlin Will Try Crossing Continent in Less Than Three Days

SAN FRANCISCO, Oct. 5.—Miss Gatlin, aviatrix and the only woman member of the Aeronautic Association of America, left here at 9:09 a. m. for a flight across the continent as a guest of the United States air mail service. She will use special airplanes which will carry no mail and expects to reach New York Sunday evening. The first stop on the program was at Reno, which will be reached at 11 o'clock.

### CHANDLER AND MILLER AROUSE WINNEMUCCANS

Greeted by Packed House and Tell of False Claims Made By Senior Senator

WINNEMUCCA, Nev., Oct. 5.—"The United States is on the up grade, but not out of the woods," Charles S. Chandler told a packed house here last night. "Though the country is not enjoying the usual republican prosperity, great improvement has been made over what the democrats left." He punctured corporation lawyer shares and reviewed our struggles for education, saying: "When elected I will sever all connections with my clients and be the attorney for the people of Nevada, and theirs alone." He also reviewed republican accomplishments in the last 18 months, saying: "We are faced with the task of bringing order from chaos, prosperity from financial ruin and economy from profligate waste. Reckless extravagance following eight years of democratic misrule, the party has enacted a tariff law, a budget bill, peace with Germany, and repealed the war laws vesting all power in the president, paid a billion dollars of national debt, reduced taxes by a billion and a prosperity era is beginning as a result of these accomplishments." Grant Miller exploded the Pittman claims of having done everything for the state, gave a history of the silver bill grained by Boyle, merely introduced by Pittman, and urged the election of a republican state and national ticket to secure a business administration at Carson and Washington and hasten the return of normal conditions and prosperity. Griffith, Smith and Russell also spoke.

### WANT PEACE CONFERENCE

LONDON, Oct. 5.—The British government has received a note from the Turkish nationalist government at Angora proposing a peace conference to be held at Smyrna Oct. 20.

### MANY ARE KILLED

CORK, Oct. 5.—Twenty-three irregulars were killed and 30 captured in the 30-hour battle Monday and Tuesday at Killorglin, near Killarney. It is officially announced.

### SHOPCRAFTS ATTORNEY SAYS LACK OF FAITH

CHICAGO, Oct. 5.—Appearing before Federal Judge Wilkerson, Donald R. Richberg, attorney for the railway shop crafts, accused the department of justice of lack of good faith in the proposal to expedite final disposition of the injunction case against the rail strike leaders.

### RESIGNATION KING AGAIN DISCOVERED

ATHENS, Oct. 5.—A document signed by former King Constantine abdicating the throne of Greece, which yesterday was reported lost while supposedly it was in the hands of a printer, has been recovered. It is announced.

### JOURNALISTS ENTER PROTEST TO LEAGUE

PARIS, Oct. 5.—A joint committee of the Anglo-American press of Paris, an international association of journalists, accredited to the league of nations, cabled General Harrington at Constantinople, protesting the alleged discrimination against English and American journalists.

### FOREST FIRES RESULT DEATH MANY PEOPLE

Six Towns Also Destroyed in Canada and Valley of St. Maurice River

OTTAWA, Oct. 5.—Forest fires which have been raging for the last 24 hours in two widely separated regions of Canada and northern Ontario and the valley of the St. Maurice river in Quebec have cost a number of lives, destroyed six towns and, according to reports reaching the capital, now threaten other towns unless rain comes quickly.

MONTREAL, Oct. 5.—Montreal was overshadowed today with dense smoke from many forest fires throughout the eastern portion of the province of Quebec. The sky is hidden by a gray pall, making burning of electric lights in the city's offices necessary. Ships on the St. Lawrence are being navigated with great caution.

OTTAWA, Oct. 5.—Forest fires have spread until at noon reports had been received here that over 100 lives were lost, six towns destroyed and railroads burdened with thousands of refugees attacked by flames. The woods are as dry as tinder and there is no prospect of rain.

### REFUGEES OF FOREST FIRES ARE DROWNED

NORTH BAY, Oct. 5.—Forest fire refugees who arrived here from the Haliburton district reported that between 50 and 100 persons were drowned when they were crowded from the dock where they tried to board a rescue ship.

Another report brought by the refugees was that scores had been injured and several trampled to death when the flames swept the Catholic church and caused panic among hundreds who had gathered there for safety. The T. & N. O. railroad is selling "blind" passage to refugees who wish to leave North Bay. It agrees to take them only as far as the line may still be found to be passable. Motor scooters go ahead of trains to investigate the tracks which in many places have been warped out of shape by the heat of burning freight cars.

### WANT PEACE CONFERENCE

LONDON, Oct. 5.—The British government has received a note from the Turkish nationalist government at Angora proposing a peace conference to be held at Smyrna Oct. 20.

### MANY ARE KILLED

CORK, Oct. 5.—Twenty-three irregulars were killed and 30 captured in the 30-hour battle Monday and Tuesday at Killorglin, near Killarney. It is officially announced.

### SHOPCRAFTS ATTORNEY SAYS LACK OF FAITH

CHICAGO, Oct. 5.—Appearing before Federal Judge Wilkerson, Donald R. Richberg, attorney for the railway shop crafts, accused the department of justice of lack of good faith in the proposal to expedite final disposition of the injunction case against the rail strike leaders.

### RESIGNATION KING AGAIN DISCOVERED

ATHENS, Oct. 5.—A document signed by former King Constantine abdicating the throne of Greece, which yesterday was reported lost while supposedly it was in the hands of a printer, has been recovered. It is announced.

### JOURNALISTS ENTER PROTEST TO LEAGUE

PARIS, Oct. 5.—A joint committee of the Anglo-American press of Paris, an international association of journalists, accredited to the league of nations, cabled General Harrington at Constantinople, protesting the alleged discrimination against English and American journalists.

### EASTERN THRACE TO BE OCCUPIED WITHIN TEN DAYS BY ALLIES

SMYRNA, Oct. 5.—An agreement has been reached at the Mudania conference between the allied and Turkish delegates, according to Mudania messages. It was communicated to the Greek delegates, who expressed dissatisfaction with it, declaring themselves not empowered to reply and that they must have instructions from Athens.

ATHENS, Oct. 5.—Consternation was caused here by a Constantinople wireless message picked up late last night, purporting to give the armistice conditions arranged by the Turkish and allies at Mudania. Conditions outlined in the message include the occupation of eastern Thrace by the allied forces and Turkish gendarmes up to the line of the River Narva, and the evacuation of the province within 10 days by the Greek army, during which the allied fleets would blockade Greece. It is understood officials are considering an appeal to the United States for assistance in obtaining a just solution of the Thracian question.

CONSTANTINOPLE, Oct. 5.—The Mudania conference reconvened at 10 o'clock with Thrace the chief subject of consideration. The attitude of the Greek delegates on the question is declared to be giving the conference considerable concern.

British general headquarters reports the appearance of Turkish nationalist cavalry at Kandra, in the Constantinople neutral zone.

LONDON, Oct. 5.—So serious has the new situation arisen in the near East that the British cabinet, after a two-hour session tonight, will meet tomorrow morning. It was stated that it was not at all clear if the Mudania conference had reached anything like a satisfactory conclusion.

### CONTEST A TIE SECOND GAME GREAT SERIES

Ten Innings Resulted in Score 3 to 3 When Umpire Called Game Account Darkness

NEW YORK, Oct. 5.—The Giants and Yankees battled for 10 innings in a 3-o-3 tie when darkness called a halt. The Giants might have been due to play their half of another inning, but the light was fading fast and Umpire Hildebrand, realizing the Yankees would have to go to bat in near darkness, called the game.

Robert Shawkey, "Bog the Gold" and curve ball flinger extraordinary of the Yankees, faced the Giants today in the second game of the world series. The National leaders having won the initial title, Manager Huggins sent Shawkey to his pitching mound to battle the Giants in their course with his mystifying books and fast ball. Jess Barnes scored to take up the Giants' burden in the box. The weather is fair.

### RESEARCH MADE EASY BY MODERN MACHINERY

PHILADELPHIA, Oct. 5.—When work begins Oct. 15 in exploring the dust-buried ruins of the city of Ur, ancestral home of the patriarch Abraham, by a joint expedition of the British museum and the University of Pennsylvania museum, the archaeologists will have to contend with few of the extraordinary difficulties which hitherto have hampered work of the sort in southern Mesopotamia.

That country is now under a British mandate. Hence the first difficulty, that of sharing the best of the discoveries with the museum in Constantinople is removed. Then, before the war virtually everything had to be done by hand. The expedition now on its way will be the first to utilize a complete modern mechanical equipment. Streets once thronged with men and women, silent now and buried for 3,000 years, will echo the roar of locomotives and motor trucks.

### ARMY OFFICERS ACCUSED

BALTIMORE, Oct. 5.—Indictment of two former army officers has revealed. It was declared, frauds against the government aggregating at least \$100,000 through sales of automobiles at Camp Holabird. The case is said to involve 25 or 30 other officers, some still in the service.

### WHITE CAPS IS SURRENDERING HIGH GRADE ORE

Another Shipment of Bullion Is To Be Sent Out in Course Of a Few Days

Reports from Manhattan are to the effect that the White Caps mine is and that the big mill is operating in producing a heavy tonnage of ore capacity on three night shifts. An unusually high average of values is being effected, according to reports, and the production will aggregate around \$20,000 a month henceforth. It was learned today that another gold brick resulted from the cleanup at the mill, the value of which is supposed to be in the neighborhood of \$15,000. This brick was brought to Tonopah yesterday and deposited in the Nevada First National bank.

At present a force of about 60 men is being employed by the White Caps company and large development is being carried forward in the mine workings, operations being centered through the 800 tunnel level workings, as well as in the winze sunk from those workings and on the intermediate level 50 feet above. It is reported that large reserves of ore are being exposed which is an assurance that the mill will be kept in operation for a long period.

### BUTLER THEATRE

TODAY

MARION DAVIES

"BEAUTY'S WORTH"

A captivating comedy of the victory and charm over snobishness. The beautiful star dances in two of the scenes in this production.
